

WALES BAPTIST CHURCH

MISSION PARTNERS

CHOSEN PEOPLE

-Accountability is a practice we strive to embody every day in each of our ministries. Today we want to share some highlights from our work in 2018.

-Your partnership with us is impacting thousands of lives in Latin America and South Asia. We give thanks to the Lord for your obedience to Him and your support of our ministries.

-Pastoral Training-132 pastoral leaders graduated from our theological training program and 155 more were added to the program. We had the blessing of adding 2 more trainers to our teaching team and 170 books to our theological library.

-AguaGuate-24 wells were drilled, providing clean water to 20,000+ people by drilling wells in 16 churches, 3 medical clinics, 3 schools and 2 municipal buildings.

-Church Partnerships-Our Church Partnership program continued to improve in its task of facilitating gospel-centered partnerships between the Guatemalan and Stateside churches. We saw the completion of a successful 5-year partnership between Wales Baptist Church and Buena Vista Church.

TEAM THOMPSON

-We have been traveling/fundraising since January in Texas, Georgia, and currently Tennessee! We've had the privilege of visiting and speaking at many churches every week since being in Tennessee.

- We are currently at 70 percent of what we need for monthly support! We are hoping to be leaving for Africa in August but that will be contingent on us being at 100 percent for 3 months, so please continue to be in prayer for financial provision and for doors to be open to share what God is doing in Africa!

-You can check us out on Facebook for more regular updates.

-Thank you for your continued support and prayers!
